

“The program is most beneficial to senior citizens. I am on a fixed income; I couldn't do this on my home. I want to stay here. The work you have done in my home is so beautiful. Everyone says my home looks so beautiful.”

--S. B., Homeowner Client

The Programs of Rebuilding Together

*In 2008, our target neighborhoods are Pen Lucy (Baltimore City)
and Turners Station (Baltimore County).*

Rebuilding Day	Held the last Saturday in April each year, we mobilize nearly 1,000 volunteers to repair 45 to 50 homes in two Baltimore communities. Our next Rebuilding Day will be April 26, 2008.
Home Modifications	Volunteers make repairs and modifications that dramatically improve the quality of life of disabled homeowners. Home modifications include grab bars in bathrooms, raised toilet seats, and wheelchair ramps.
Year-Round Initiative	Homeowners outside of our target neighborhoods are assisted with critically needed repairs. These include addressing safety concerns as well as necessary roofing, plumbing and electrical work.
Roofing	Rebuilding Together contracts with a local roofer to repair and replace more than 20 roofs each year.
Community Beautification	Projects that improve the appearance and community spirit of neighborhoods are completed by hundreds of volunteers on Rebuilding Day.
